THIS IS UNEVALUATED INFORMATION

25X1

1. The Medlanky Airfield /4914N-1635E/ was located six or seven kilometers northwest of the center of Brno, one kilometer west of Medlanky, and three kilometers east of a lake [redacted]. The airfield formed an irregular rectangle 400 to 500 m. from northeast to southwest and 600 to 700 m. from northwest to southeast. It was 280 m. above sea level. The field was grass surfaced and had natural drainage. [redacted] no flying activity there after heavy rainfalls and snowstorms. The only obstructions [redacted] were rolling hills, approximately 360 m. above sea level, which surrounded the airfield.
